

Team: Year 4/5

Term: Spring 2019

### Topic

This term we will be learning about Woodley and the geography of the surrounding area. The geographical focus will be on flooding and climate change as well as looking at maps and learning how to accurately read and interpret them. Historically we will look at a couple of famous people who are linked to Woodley.

### Art

We will be studying an impressionist artist and imitating his techniques to create our own masterpieces.

### RE

We'll be learning about the religions of Judaism and Christianity, exploring their festivals and places of worship.

### PSHCE

We'll be thinking about and discussing dreams and goals and then healthy me.

## Wonderful Woodley

### DT

This term we are making our own fleece hats.

### Music

We'll improvise and develop rhythms in a range of patterns, developing confidence to perform both individually and as a group.

### Computing

We will be looking at maps, investigating book covers and presenting work.

### PE/Games

There will be an indoor and an outdoor PE session each week. For indoor PE we will be doing dance and Netball for outdoor PE.

### Trips

We're currently working on organising a trip - more information soon.

### English

Through studying fairy tales the children will draft, write and edit their own traditional tales.

We are focusing on grammar ensuring that the children apply these grammatical skills to all their written work.

We will then be looking at advertisements.

### Maths

We'll revise and deepen our use of place value and the four operations by applying our understanding to a range of interesting contexts. We'll also strive towards a mastery understanding of shape, measures and data handling.

### Science

We'll be learning about living things and their habitats and their interdependence. We will then be moving onto electricity. Watch us spark!
