

SOME GREAT EYFS LEARNING APPS THAT ARE WORTH EXPLORING

Pocket Phonics

"Best app for learning phonics ... Everything is taught exactly as it would be in school, with the same methods as outlined in the national curriculum." iPad for Kids 2013

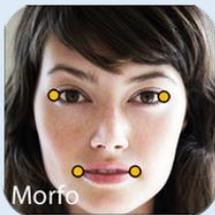

Puppet Pals

It is fabulous for storyboarding, character writing, speaking and listening as well as a fun and engaging way of learning.

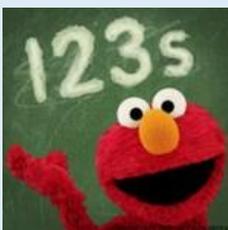

My Story

My Story is the simplest story maker and book creator in the App Store. Children can draw, use photos, record voice, type, and then send their finished creations to family and friends.

Morfo

Make yourself, your friend, book character, celebrities or people from the past come to life.

Elmo123

This American app is a great way for children to read, write and use numbers to 20.

Kids Counting

Another great APP to encourage children to read and use numbers to 20.

Maths Tree

A simple yet attractive addition and subtraction APP.

Bugs and Numbers

This app will take up a lot of memory but well worth paying for. These are examples of good quality APPs for Early Years maths.

Busy things

Great Apps covering a range of learning around maths.

Math aged 3-5

Brilliant app that develops number recognition, sequencing and positioning. Its sister app Math aged 4-6 is also excellent.

Lets Create

Let's create helps develop creativity, spatial cognition, visual perception skills, fine motor skills, hand eye coordination, imagination, and executive functions such as planning and organising.

Puppet Workshop

"Puppet Workshop is possibly one of the best creative apps on the market... Your child will be brought on a journey of creativity and artistic wonderment." - AppAble

Toca Boca

These are a great selection of role play games that enhance imagination, understanding, talking and mathematics beyond the screen.

Bee-Bot

Our children have learned how to use the real robots in class and would enjoy practising their early programming skills with this app.
