

Lost and Found

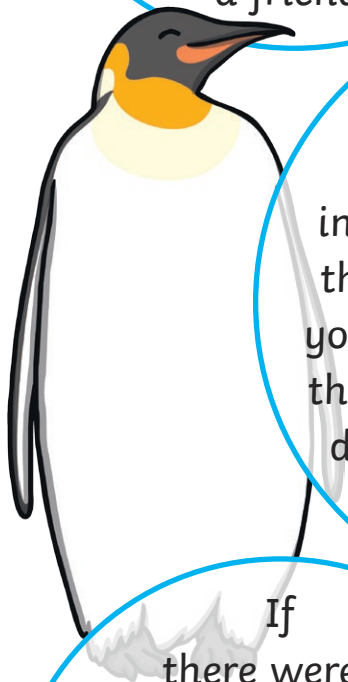

Home Learning Challenge

The boy helps the penguin in the story. Can you think of something you can do to help someone? It might be someone in your home, at school or a friend.

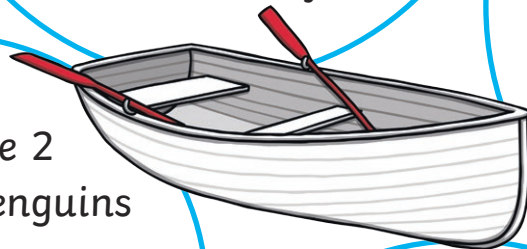

Penguins live near the South Pole. The little boy needs to do some research to find out where this is. Do you know where it is? Look on a globe, atlas or on the Internet. Is it near or far away from where you live? How do you think you would travel there?

Penguin starts with 'p'. Is there anything else in the story you can find that starts with 'p'? Can you think of anything else that starts with 'p'? Write down all the words you can think of.

If there were 2 boys and 2 penguins in the story, how many characters would there be in total? Draw a picture to help you work it out.

Can you build a boat for any of your toys? Make sure it is big enough for them to fit in. You could use a box and decorate it. What could you use for oars? Take a picture of it to show your class.

Can you walk like a penguin? How do you think a penguin walks? Can you think of some other animals? Move around the room or your garden as different animals.
